Mr. and Mrs. Chas. Berry were here
between trains Monday for "a change
of collars" while taking their vacation.
They said that while south they had
been uncomfortably warm and were
really enjoying this "Northern fresh
air."

The many friends of Mrs. Ralston Al-
son will be glad to hear that she was
able to be brot home from O'Connor
Sanitarium Sunday. She is recovering
slowly from a nervous collapse, and the
physicians and nurses' orders exclude
any visitors for some weeks yet.

Mrs. Frank Cutting was the guest of
honor at a pretty party and thimble bee
given by Mrs. F. G. Bohrmann, at her
home on Hamilton avenue, Friday after-
noon. Mrs. Bohrmann was assisted in
serving by Mrs. W. L. Merrill and Mrs.
W. R. Coupland, the refreshments in-
cluding fruit salad and wafers, coffee and
cake.

The Stanford basket-ball team left
Wednesday for the southern part of the
state where they will play the Los
Angeles Athletics, the University of
Southern California, Whittier, and the
Orange Athletic Club. Erwin Righter,
one of the C. U. H. S. basket-ball stars
is one of the team and will play with
them in the southland.

Mrs. J. D. Sawyer entertained the
children of the neighborhood, Friday
afternoon, at a surprise party for her
son, Verne, the occasion being his
twelfth birthday. Outdoor games were
played and then a generous supper, for
which the guests were seated at the
dining room table, was served, com-
pleting a happy afternoon.

The Christmas exercises at the Con-
gregational church will be held this
(Friday) evening. One feature of the
evening will be the gifts by members
of the Sunday-school and Congregation
of provisions, clothing, toys and games
to help make Christmas a little happier
for some one else. Those in charge are
very anxious to begin as promptly at 7
as possible.

Glee Club Concert

The first of the Eworth League course
of entertainments which was given Fri-
day evening by the College of Pacific
Glee Club was very good as a whole.
All of the numbers sung by the club met
with great favor, as well as several of
the individual efforts. The solos by
Mr. Charles Dennis, director of the
club, were very pleasing, and the piano
selections by Mr. H. H. Hanson showed
great command of that instrument. Mr.
Chas. E. Weideman scored quite a hit
with his unicorn, and Mr. Harold Mc-
Chesney's readings were also good, es-
pecially "The Dude's Soliloquy".

The program was given as follows:
College Song by the Glee Club; reading,
"New Year's Eve" (by Robert P. Ser-
vice), by Harold A. McChesney; vocal
solos, "Banjo Song", "In The Garden"
"The Mad Dog", Charles Dennis; "Di-
nah" and "Exhortation" by the Glee
Club; piano solos, H. H. Hanson; duets,
mandolin and guitar and ukelele and
guitar, Buteau Lundy and Lloyd Shafer;
songs by Glee Club, "Oh, Peaceful
Night" and "A Midnight Tragedy",
readings, "A Dude's Soliloquy" and
"Otto's Auto", Mr. McChesney; num-
bers on Marimba and unicorn, Mr.
Weideman; "Pilgrim's Chorus" from
Tannhauser, by the Glee Club.

The audience was invited to join with
the Epworth Leaguers and the guests
from the College in a social hour. An
interesting time was spent in games
and impromptu musical numbers, fol-
lowed by refreshments. The visitors
were taken back to College Park in
Campbell autos.

Athletics Defeat
Winners

With a perfect day last Sunday our
"Athletics" met and defeated the City
League club champions, the Winners,
at Santa Clara Varsity diamond, 7-4.
This club has been after Campbell for
months for a game and we hope they
are now satisfied that they are hardly in
our class if they are champions.

Warren McKenzie joined the club in
their last game before the Yuletide sea-
son, and played a star game in center
field. "Mack" also showed the crowd
that he has not forgotten how to use the
wagon tongue, as his hit in the 5th
scored 2 runs. Campbell scored two in
the first. Tramutolo singled. McKenzie
fanned. Oliver fouled out to catcher.
Tramutolo stole second and scored on
Rooney's hot one thru second base.
Paul slammed a hot one thru short,
Rooney scoring, but Paul was out try-
ing to reach second. Our next scoring
came in the 5th when four boys in blue
romped home. Ludwig flied out to
left. Pierce singled. Martinelli flied
out to left. Tramutolo hit to short who
fumbled, Pierce advancing to second,
McKenzie hit to center with a beautiful
drive scoring Pierce and Tramutolo.
McKenzie stole second. Oliver hit to
left, fielder dropped the fly and Mc-
Kenzie scored. Rooney hit to center
and Oliver scored. Paul went out to
first unassisted. Our boys also scored
again in the 6th. Purdy put one down
to 3rd too hot for the fielder. Ludwig
sacrificed. Pierce doubled to center
scoring Purdy. Martinelli singled to
left. Tramutolo singled to right filling
bases. McKenzie flied out to second,
The Winners scored one in the first,
one in 5th, and 2 in the 8th. Pitcher
Paul's arm got sore and our old reliable
Busher Pierce went in and made a
whirlwind finish—"Whiff, whiff, whiff."
The boys will lay off now until their
series with Santa Clara varsity starts in
early Spring.

California Second
in Sugar Production

California takes second place in the
production of sugar beets, according to
a report from a prominent California
grower. Colorado leads in production
with 160,000 acres, yielding 1,870,000
tons of sugar beets, which produced
273 tons of sugar. In California there
were 111,691 acres in beets in 1915,
yielding 1,254,000 tons beets producing
195,118 tons of sugar, or an average of
approximately 11 tons of beets per acre.
In California it takes about six and one-
half tons of beets to produce a ton of
sugar. In other beet growing states,
such as Michigan, Utah, Idaho and Ohio
it takes a little over seven tons of beets
for a ton of sugar.

There was a total acreage planted to
sugar beets in the United States last year
of 617,900, yielding a little over 6,000-
000 tons of beets, which produced a
fraction over 70,000 tons of sugar.

Found
A Watch

IT looks as if it belongs
to a substantial citizen.
It feels that way, too;
it's smooth and solid and
thin. It slips into your
pocket like a silver dollar
and lies there snug and flat.

It keeps good time. It's
the kind of watch you
friends check their time by
—that always gets you to
your train while it is still
in the station.

I've been looking for this
watch for years. I know
my customers want a small,
thin, accurate, 4-jewel watch;
but until now the price of
such a watch has been more
than many of them cared to
pay. That's why this new
one is such a find. It is
the "Waterbury Watch",
a new *Ingersoll*, and the
price is just about a third
what you think it would
be. It's three dollars.

Who Am I?

I am more talked of than anything else
in America!
I am the autocrat of commercial inter-
ests!
I control the treasuries of the world!
I command the bank clearance!
I am as powerful as Ajax!
I can stop commerce!
I am supreme!
Rulers, and the common people alike
Take off their hats to me!
My aristocratic consins, the luxurious
Pullman car,
And the steel coach who in the past
snubbed
Me, now crave my favors!
I am merciful!
I can help you, but
I lack energy.
You must supply that!
Left to my own efforts
am inert
Energize me and you increase your
bank account!
Stimulate me and the wheels of com-
merce revolve!

I am the freight car!
I market your crops!
I load me promptly!
Unload me quickly!
Move me swiftly!
You will prosper!

Methodist Church Notes.

The pastor will deliver a Christmas
sermon Sunday morning, and in the
evening there will be a combined service
from seven to eight o'clock consisting of
a song service, led by Mr. Kammerer,
presentation of the League topic by Mr.
Kellogg, and an address by Mr. Lloyd.
Special music has been prepared by the
choir for both morning and evening.

The parsonage folks expect to go to
Oakland Monday to have Christmas dinner
with the family of Mr. Lloyd's brother.
Wednesday evening will be observed
as a preparatory meeting for the special
services to begin Thursday. These special
meetings will continue two weeks,
opening each evening (Saturday in-
cluded) with a song service at 7:15
directed by Mrs. Duncan. The Rev. J.
O. Duncan will be the speaker at the
meetings, and we are looking forward
to a very interesting time.

Why take your shoes to San Jose to
be fixed when J. S. Fay, the Yankee
Shoe Man, will fix them just as good and
as cheap here in Campbell.—Adv.

Dainty stationery makes a very
acceptable Christmas present. The
suggestion is by your stationer, H.
C. Smith.

"MERRY CHRISTMAS." That is the spirit in the air throught the
land, at this season of the year. This is a spirit of good cheer and op-
timism which by some is never expressed at any other time of the year,
while, tho not said in these words, is expressed in other words and in
acts of many every day of their lives. Let us pity the former and thank
God for the latter. This spirit is of the unselfish kind of optimism, the
kind that not only wishes well but gives of itself for the pleasure of
others and the development of which makes for happier living. "Merry
Christmas."

What Campbell wants now, is better transportation service, and it
seems that by proper persuasion and manipulation, the electric and
jitney cars could be arranged to that end. Why could we not have
the jitney time card arranged so that those cars would run between
the electric cars, which would give us practically a half hour service.
The jitneys are getting a good business from Campbell, and they
would doubtless arrange the schedule to give us better service.

GARRICK DISOWNED.

To Tell the Truth, Though, His Ap-
pearance Was Against Him.
Garrick's brother Peter lived at Lich-
field. On the occasion of some townsmen
going to London Peter Garrick
addressed a letter to his brother David
in Southampton street, where he lived
then, requesting him to show the lions
of London to their townsman, with
whatever civilities he could confer.

The man of Lichfield arrived in the
great city, proceeded to Southampton
street and, on knocking at the door,
was told that Mr. Garrick was not at
home, being engaged to attend the re-
hearsal at Drury Lane theater that
morning, as he must play Abdel Drer-
ger in "The Alchemist" that evening,
when he would be sure to see him if he
did not find him before.

John of Lichfield, acting agreeably to
this information, went to the theater
and then went back to Lichfield, where
he attended his own business and took
no notice of Peter Garrick.

The latter, surprised at this neglect,
questioned him why he did not bring
an answer to his letter.

"Because your brother did not give
any," was the conclusive reply.

"Indeed," said Peter, "that is very
extraordinary. What did he say to
you?"

John of Lichfield exclaimed: "Well,
Master Garrick, as you will have an
answer, you shall have it. Take it as
you please. I went to Southampton
street. David was not at home. They
said I might go to him at the play-
house. Well, they made me pay 3
shillings to go in, which I thought a
strange proceeding. However, that
was nothing. When he did show him-
self on the stage he was the nastiest,
dirtiest, shuffling little blackguard that
I ever set my eyes upon. I would not
speak to him nor see him or own him
as a townsman, though he is your
brother. So I came away and left him
to play his dirty tricks by himself."—

Drink More Milk!

The per capita consumption of
milk in the United States is some-
thing less than one half glass per
day. It should be at least a quart.
The value of the total consumption
of milk and its products per capita
in the U. S. is \$5.92 annually while
that of liquor is \$32. These fig-
ures should be changed around.

You get much greater value for
the dollar you spend for milk than

The readers of this paper will be
pleased to learn that there is at least one
dreaded disease that science has been
able to cure in all its stages, and that is
Catarrh. Hall's Catarrh Cure is the only
positive cure now known to the medical
fraternity. Catarrh being a constitutional
disease, requires a constitutional treat-
ment. Hall's Catarrh Cure is taken in-

thereby destroying the foundation of the
disease, and giving the patient strength
by building up the constitution and as-
